SUPERNOVA

LIMITED EDITION

In the year 2017 LOTUS and ANEST IWATA celebrate their long-standing strong cooperation with the development of a strictly limited special spray gun edition.

SUPERNOVA

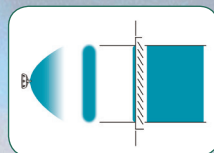

LIMITED EDITION

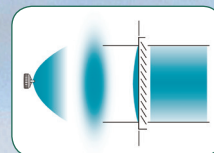

Selected were the well-known spray guns of Supernova Series with Pre atomization technology (Split nozzle) **WS-400 evo** (Compliant) and **LS-400 entech** (HVLP).

Benefits of Pre atomization technology (Split nozzle)

-  less air consumption
-  high transfer efficiency
-  less overspray
-  fine atomization
-  soft spray pattern

Split nozzle

Round nozzle
