

THE DURBZ KUSTOM GARAGE DV1 BASECOAT GUN

LIMITED EDITION GUN KIT FROM AUSTRALIAN SPRAY ARTIST, RACHAEL DURBIDGE

DEVILBISS
AUTOMOTIVE REFINISHING

GUN KIT FROM AUSTRALIAN SPRAY ARTIST RACHAEL DURBZ.

This exclusive Limited Edition design comes with all of the control and performance you get from the DV1 Basecoat spray gun – best in class at managing your basecoat applications, providing precise color matches, seamless transitions and blends, and superlative metallic orientation and control.

RACHAEL DURBIDGE:

“I’ve been in the automotive industry for 21yrs, starting in crash repairs, then moving to restoration and finding the passion for custom graphics and design. My first spray gun was a GTi with the splatter design, which I still have; after using almost every spray gun designed, I still prefer DeVilbiss guns.”
